Neck Chart

Using A Guitar Strap

The best way to use a strap with this guitar is to use the end pin on the body of the guitar and then to loop shoe string through the other end of the strap and tie it behind the nut, under the strings. This will give the guitar the best balance.

Reading Chord Symbols

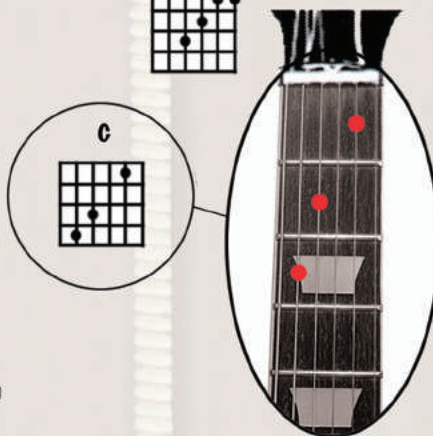

Numbers on chord symbols correspond to fingers on the hand. For more on this, please visit MDWSUPPORT.COM

Basic Open Chords

◇ means play the string "open" without a finger on the string

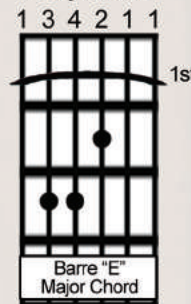

Barre Chords

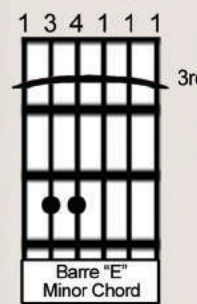

The index finger spans the whole neck, while the other fingers form the chord. The barre chord is movable, with the index finger naming the root of the chord.

For example, barred at the first fret, this is an F major chord

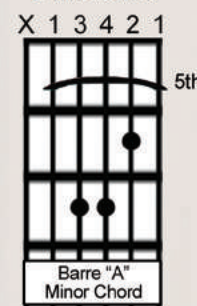

For example, barred at the third fret, this is a G minor chord

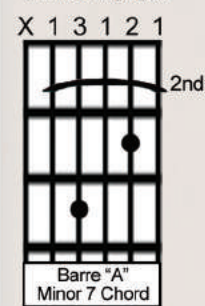

For example, barred at the third fret, this is a C major chord

For example, barred at the fifth fret, this is a D minor chord

For example, barred at the second fret, this is a B minor 7 chord

Tips for Better Guitar Playing

- Remember, if you strum too hard or tune the guitar too high, the strings may break
- Use a pick (thin or medium) for cleaner chords
- Form the chords cleanly with the fingertips, not the flat parts of the fingers
- Strum from the wrist, not the elbow, for better control
- When learning something new, play slowly at first, then increase the speed gradually
